

The Pickens Sentinel

PICKENS, S. C.

DECEMBER 14, 1916.

Entered at Pickens Postoffice as Second Class Mail Matter.

\$1 PER YEAR, INVARIABLY IN ADVANCE

GARY HIOTT, Manager.

Obituary notices and tributes of respect of not over one hundred words will be printed free of charge. All over that number must be paid for at the rate of one cent a word. Cash to accompany manuscript. Cards of thanks published for one-half cent a word.

Buy your Red Cross seals early.

WHAT this country needs is more fresh meat and not so many fresh guys.

ONLY eleven more days until Santa comes. Do your Christmas shopping early.

DOLLARS may not go as far as formerly, but their speed leaves nothing to be desired.

THE editor of the Greenville News says he worked seventy-two hours without any sleep. What on?

EVERYBODY is speculating as to who will compose the cabinet of President Wilson—except Woodrow.

WE do not believe Santa Claus ought to come to see anybody who tries to spell Christmas with an X.

COLONEL ROOSEVELT is coming to South Carolina this winter to hunt deer—not to break the Solid South.

"A JOB for the farmer," says a headline in Ed DeCamp's Gaffney Ledger. We didn't even know the farmer wanted a job.

If we do any Christmas shopping it looks like we'll have to get an airplane to keep up with the prices. Or perhaps a buyplane would suit better.

A MRS. STARCHER of an Oregon town and defeated her husband for the office of mayor recently. Took the starch out of hubby, it would appear.

A YEAR'S subscription to The Pickens Sentinel would be a most appropriate Christmas present to some relative or friend who used to live in Pickens county, but is now elsewhere.

JIMMY ARCHER, editor of the Jasper Herald, was hurt last week when a Ford turned over with him. This shows he danger of an editor riding in a Ford, as H. Booker would elucidate.

NEARLY all the Stand-pat Republicans of any note having tried to foist a "Force Bill" upon the South, and failed, Senator Penrose of Pennsylvania is now trying his hand at it. He will fail, too.

It is said that John D. Archbold, the oil millionaire, began life with a wage of \$1.50 a week. Wonder what his pay envelope for his last week in earth contained? No, he didn't take any of it with him.

If some of the newspapers which complain so much about the "whiskey window" at the express office would cancel some of those big, fat ad contracts, maybe those windows would not be so well patronized.

ALL this talk of using alcohol in automobiles instead of gasoline may be all right in wet places, but it will not go in the Palmetto state. The machines could be confiscated for "transporting" the Demon.

"PEACE is desired by the common people," says a member of the British House of Commons. Certainly. The only people who are in favor of continuing the war are those who are making the dollars out of it—and bloody dollars, at that.

AT one minute after midnight December 31, the price of The Sentinel will be raised to \$1.50 a year, and no subscription will be accepted after that time at a lower rate. Subscriptions paid before that time at the \$1.00 rate will not be affected by the new rate.

THE Intelligencer, Anderson's morning paper, which has been in the hands of a receiver for several months, has suspended publication. There is hardly room in Anderson for even a good morning paper when the excellent Daily Mail covers its field so thoroughly and well.

RED CROSS SEALS, the money from the sales of which is for the benefit of those unfortunates throut the world suffering from the Great White Plague, tuberculosis, are now on sale in every city, town and hamlet in the civilized world. Use them on all letters and Christmas packages which go thru the mails, thereby giving your mite for the relief of suffering humanity. The cost is only one cent for each stamp.

OUR WEEKLY RIDDLE.—What is a good thing to lose?
A bad reputation.

WE have a spinster friend
Named Miss Matilda Bidds;
She always wears silk gloves
Because she doesn't like the kids.

A Community Loss

Lancaster News.

Not the First Methodist church alone, which he has served with faithfulness and ability during the past four years, but our entire community is the loser in the departure from our midst of Rev. E. T. Hodges. Of genial presence, high ideals and splendid christian character, Mr. Hodges is a man who makes his influence felt. He is keenly interested in the welfare of the state and nation, even as he is in local affairs and, being a man of sincere convictions, the citizenship of this city is the loser for his going hence. Mr. Hodges is a clear thinker, a student of logical mind and his wide experience with men as well as with books, makes him a practical scholar. His optimism, his sense of humor, his breadth of mind and heart endeared him to our people, who regret that his labors among us are ended. The cordial good wishes of hundreds of admirers will follow this godly man in his labors in another field.

Reciprocity

Anderson Daily Mail.

The Daily Mail believes in reciprocity. Two years ago, when the farmer was thought to be on the ragged edge of destruction, a movement was started to "buy a bale of cotton" at ten cents a pound. Many town folks did so. Now the poor town man, whose wages are the same, and who is on the ragged edge of destruction, needs help. It is now up to Mr. Farmer to sell him another bale of cotton at ten cents.

Greenville Makes 'em Nuts

Greenville News.

The Pickens Sentinel reels off this one "Somebody in Greenville has just put up a factory in Greenville to make Yam Nuts. There are already enough nuts in Greenville without making any more." We believe that much of the raw product used in the factory comes from Pickens.

Generally Is Correct

Greenville News.

The Pickens Sentinel is quite correct in saying that a more appropriate name for it would be Hearst's un-American.

The Family Division

Fort Worth (Tex.) Star-Telegram.

If there is \$10 to spend for clothes, \$5 is spent on daughter, \$3 on son, \$2 on mother, and pa gets his hat brushed.

Pardon These Crimson Cheeks

Spartanburg Journal.

We are thankful that Gary Hiott is still writing paragraphs for The Pickens Sentinel.

Now, Jimmy!

Jasper Herald.

Sober or tight
Spell Christmas right—
I'll keep Gary Hiott
From starting a riot.

Important Notice

On account of the increased cost of paper, type, ink, and everything else that goes into the making of a newspaper, The Pickens Sentinel is forced to raise its subscription price to \$1.50 per year.

The new rate will go into effect January 1, 1917.

In order to give our old subscribers and friends a chance to remain with us at the old price we will receive renewal and new subscriptions from now until January 1 at \$1.00 per year. We can not, however, allow anyone to pay more than three years in advance at the old rate.

We will be glad to have all who care to take advantage of our offer between now and January 1 and save the difference.

There were 13,136 bales of cotton ginned in Pickens county up to December 1, 1916, against 14,423 bales at the same time last year. This is a difference of 1,297 bales in favor of last year, but the money received for this year's crop is about twice what was received for last year's.

Rev. Andrew Lee Pickens preaches for Pastor Hiott at Mt. Pisgah last Sunday. Brother Pickens is one of the best young preachers we have ever heard. Some of our strongest churches would do well to secure him as the pastor. He is at present in Greenville on the staff of the Daily Piedmont. H
